

## **Bachelor of Design (Textile Design)**

### Semester I

Communication Skills I  
Environmental Studies  
Introduction to Computer Application  
Elements of Design  
Introduction to Surface Ornamentation  
Drawing & Sketching I  
Gandhian Thoughts

### Semester II

Communication Skill II  
Art Appreciation  
Introduction to Design Concept  
Surface Design  
Material Studies  
Drawing & Sketching II

### Semester III

Fiber Science  
Introduction to Fashion Industry  
Computer Application I  
Yarn Manufacturing  
Fabric Rendering  
Basic Sewing Skills  
Open Elective

### Semester IV

Traditional Textiles and Embroideries of India  
Introduction to Weaving  
Textile Design Process  
Surface Design Technique- I  
Textile Testing  
Textile Chemical Process  
Open Elective

### Semester V

Textile Finishes  
Dobby Weaving  
Fabric Studies  
Textile and Apparel Care

Introduction to Eco and sustainable Textile  
Digital Design- Dobby  
Computer Application II

Semester VI

Introduction to Forecasting  
Marketing & Merchandising  
Computer Application III  
Jacquard Weaving  
Introduction to knitting  
Digital Design-Jacquard  
Introduction to Technical Textile

Semester VII

Intellectual Property Rights  
Surface Design Techniques- II  
Entrepreneurship Development  
Surface Design Process-Print Design  
Fabric Quality Analysis  
Surface Design Process-Woven Design  
Business Management  
Costume Design  
Craft Documentation  
Project

Semester VIII

Portfolio Development  
Surface Design Collection  
Industry Internship
