About MGM University

MGM University in Aurangabad, established by the rewarded Mahatma Gandhi Mission, a pioneer in higher education, is now a self-financed State University, approved by Government of Maharashtra. It has the 2(f) status granted by the University Grants Commission of India. It stands tall owing to its longstanding academic institute, established by Mahatma Gandhi Mission, namely, the Jawaharlal Nehru Engineering College, MGM institute of Management and Research, MGM Institute of Bio-science & Technology, Dr.G.Y. Pathrikar College of Computer Science & IT, MGM College of Journalism & Mass Communication, MGM Institute of Hotel Management, MGM Institute Fashion Designing, MGM College of Fine Art, Mahagami Gurukul of Performing Arts, Institute of Social Science, Institute of Indian and Foreign Languages.

About Dr. G.Y. Pathrikar College of Computer Science and IT

With a futuristic vision of the growing importance of computer Science and information technology in the field of business, management, education, MGM Established College of Computer Science and information technology in 2001. College was renamed as Dr. G.Y. Pathrikar College of Computer Science and IT in 2003 in memory of great educationalist, one of the founder members and Ex-Secretary MGM Trust. Late Dr. Gangadhar Yashwantrao Pathrikar who initiated UG, PG and Ph.D programs in Computer Science and Information Technology for the first time in Marathwada region. The College offers several undergraduate, postgraduate and research programs in the field of Computer Science, Information Technology, Animation, Robotics, Digital Marketing and Data Science.

Important Dates:

Last date of registration	23 rd March 2023
Registration confirmation	24 th March 2023
Workshop program	25 th March 2023

Selection Criteria

Selection will be done on the first-come-first-served basis to a maximum number of 50 (Fifty). The list of selected participants will be shared through e-mail. In case a candidate is not selected, the Payment/Fees will be refunded. Participating candidates will be issued participation certificates.

About Workshop

Organized by MGM University's Dr. G.Y. Pathrikar College of Computer Science and Information Technology, the one-day workshop on 'Advances in Software Testing & Roadmap' will introduce the participants to the recent advancements and career opportunities in the software testing industry. The workshop also includes a hands-on session on manual and automation testing.

Objective

It has been noted that even after graduating from the field of computer science and information technology students struggle to choose a definite career path for themselves. The objective of this workshop is to introduce them to the opportunities in the software testing industry. Along with providing an insight into the industry requirements, salaries and testing tools, the workshop also aims to offer a hands-on session on manual and automation testing carried out in I.T. industries.

Outcome

The program will provide the participants with an opportunity to interact with and learn from the experts and also inspire them to advance their abilities in the software testing industry.

Who can attend

The workshop is open for graduate students, research scholars and faculty members from various disciplines. Industry personnel working in the allied disciplines can also participate.

Date: 25th March 2023

Morning Session :

Time : 10.00 AM – Inauguration

Time: 11.00 AM- 1.00 PM - Talk on Advances in Software Testing by Dr. Naziya Pathan

Time: 1.00 PM -2.00 PM - Lunch

Afternoon Session:

Time: 2.00 PM -4.00 PM – Hands –on training on manual testing and automation testing by Mr. Ashish Mhaskar

Workshop Contents

1. Software testing & it's significance
2. Principles of software testing
3. Advances in Software Testing
4. Careers and Scope in Software Testing
5. Industry Requirement for Testers
6. Salaries offered to Software Testers
7. Software Tester Roadmap
8. Responsibilities of a Tester
9. Quality and Personality of a Tester.
10. Process of Software Testing in Software Industries
11. Testing Tools to Learn.
12. Hands on Manual and Automation testing
